The Centre for Holocaust Education and Scholarship (CHES)

CHES develops educational programs and activities that promote knowledge and understanding of the history and legacy of the Holocaust.

CHES forges connections with diverse audiences and offers year-round programming that brings together academics, educators, survivors, students, community leaders, and community members. Through Holocaust Education, CHES strives to combat antisemitism, prejudice, and racism and to promote respect for diversity, social justice, and human rights. [Read more.](#)
